

ArcelorMittal

Press release

23 August, 2019

Health Protection Foundation and ArcelorMittal Poland support St. Barbara hospital wards in Sosnowiec.

Modern equipment to clean and disinfect endoscope worth PLN 40 000 was handed over to endoscopy unit of gastrointestinal tract at St. Barbara's hospital in Sosnowiec thanks to support from Health Protection Foundation in Dąbrowa Górnicza. Representatives of Foundation and ArcelorMittal Poland handed over four computers and printer which will be used at cardiologic clinic. Quite soon internal medicine ward will be equipped.

Each year, Health Protection Foundation acting at ArcelorMittal Poland allocates hundreds of thousand PLN to support hospitals and medical units in Zagłębie region. Only this year Foundation donated 100 000 PLN for medical equipment. – *Health Protection Foundation has been cooperating with St. Barbara's hospital for years and donates funds to purchase equipment which helps to save lives of patients, who are as well employees of our company or subsidiaries* – explains Katarzyna-Karcz Maćzka, chairperson of Health Protection Foundation.

Today, two wards in Sosnowiec received two new and two second-hand computers and a printer worth 13 000 PLN. Apart from that Foundation donated funds to buy special screen which is needed in every day work of doctors during surgery. – *Bigger screen gives more opportunities, finding details which can help in diagnosis or will allow to prepare better to operations. It might seem that it is not a big deal but during our work it really matters. We might take good decisions and adjust proper medical procedures* – says Maciej Wrotniak, head of orthopedic and traumatic disease ward.

Not only these wards received equipment under cooperation with Health Protection Foundation and ArcelorMittal Poland. In May a special equipment to clean endoscope was handed over. Quite soon internal medicine ward will be equipped thanks to support of Health Protection Foundation and ArcelorMittal Poland with two electric aspirators needed during surgery. Cost of which is PLN 6000.

- *We are very glad that CSR office of ArcelorMittal Poland could join in the cooperation which brings valuable results. It is a great proof that together we might realize mission of Foundation meaning taking care after health of our employees and members of their families as there is nothing more precious* – says Magdalena Kusmierz, from Corporate Responsibility Office at ArcelorMittal Poland.

About ArcelorMittal Poland

ArcelorMittal Poland is the biggest steel producer on the Polish market with about 70% of production capacity of the Polish steel industry. The company consists of five steel plants located in Krakow, Dabrowa Gornicza, Sosnowiec, Swietochlowice and Chorzow. It also owns the largest coke plant in Europe – ZK Zdzeszowice. ArcelorMittal Poland employs over 10,000 people and over 14,000 if subsidiaries are taken into account. The company produces a wide range of long, flat, special and semi products for construction, transport and white goods industries.

The company has transformed Polish steelmaking. It has invested PLN 7bn in modernizing every stage of the production process. Thanks to increasing H&S standards, the company has reduced its accident frequency rate by more than 90 percent. It has decreased the CO2 emissions by 25 percent, thanks to which it has become more environmentally friendly. The company is 1 of 3 companies worldwide able to produce 120 meter rails.

ArcelorMittal Poland is consistently engaged in supporting local communities by carrying out educational, health and safety programmes. The company has invested over PLN 21 m in these projects.

ArcelorMittal is the world's leading steel and mining company, with a presence in 60 countries and an industrial footprint in 18 countries. Guided by a philosophy to produce safe, sustainable steel, we are the leading supplier of quality steel in the major global steel markets including automotive, construction, household appliances and packaging, with world-class research and development and outstanding distribution networks.

Through our core values of sustainability, quality and leadership, we operate responsibly with respect to the health, safety and wellbeing of our employees, contractors and the communities in which we operate.

For us, steel is the fabric of life, as it is at the heart of the modern world from railways to cars and washing machines. We are actively researching and producing steel-based technologies and solutions that make many of the products and components people use in their everyday lives more energy efficient.

We are one of the world's five largest producers of iron ore and metallurgical coal. With a geographically diversified portfolio of iron ore and coal assets, we are strategically positioned to serve our network of steel plants and the external global market. While our steel operations are important customers, our supply to the external market is increasing as we grow.

In 2018, ArcelorMittal had revenues of \$76.0 billion and crude steel production of 92.5 million metric tons, while own iron ore production reached 58.5 million metric tons.

ArcelorMittal is listed on the stock exchanges of New York (MT), Amsterdam (MT), Paris (MT), Luxembourg (MT) and on the Spanish stock exchanges of Barcelona, Bilbao, Madrid and Valencia (MTS).
