

Dąbrowa Górnicza, 19.02.2021

REQUEST FOR QUOTATION no. 1/0438/2021

Due to realization of project called ""Reliable and durable in operation, modern railway rails with a length of 120 m, characterized by high mechanical properties, high resistance to cracking and a modified microstructure of the material due to the modernization of the cooling process after rolling". (project no. POIR.01.01.01-00-0438/17), co-financed from the funds of the European Regional Development Fund and as part of the Smart Growth Operational Program 2014-2020, sub-measure 1.1.1 "Industrial research and development work carried out by enterprises". and in relation to the obligation to make purchases based on the most economically advantageous offer, while observing the principles of fair competition, effectiveness, openness and transparency, the **Company ArcelorMittal Poland S.A.** makes a request for quotation concerning **design, delivery (in accordance with DDP INCOTERMS 2020), installation supervision, commissioning and start-up of Head hardening system for railway rails – HSM Dąbrowa Górnicza**

A detailed description of the subject matter of the contract is provided in point III of the inquiry.

I. BUYER:

ArcelorMittal Poland S.A.

Al. J. Piłsudskiego 92

41-308 Dąbrowa Górnicza

capex-publictenders@arcelormittal.com

www: <http://poland.arcelormittal.com/>

hereinafter referred to as the 'Company' or the 'Buyer'.

II. PROCEDURE:

- II.1. This procedure is not subject to the provisions of the act of 29th January 2004 on Public procurement law (i.e. J.o.L. of 2019, item 1843 with further changes).
- II.2. This procedure is awarded in a mode consistent with the principle of competitiveness.
- II.3. This procedure is performed in accordance with the principle for fair competition, effectiveness, openness, transparency and equal access.
- II.4. The Buyer shall make every effort to avoid any conflict of interest understood as the absence of impartiality and objectivity.
- II.5. The present procedure shall be carried out in accordance with the Contract awarding regulations (hereinafter: Regulations) which is in effect at the Buyer's company.
- II.6. The Contract Awarding Regulations are available at the Buyer's headquarters (Al. J. Piłsudskiego 92, Dąbrowa Górnicza) and on the Buyer's website.
- II.7. The Buyer reserves the right to:
 - a) change the content of the request for quotation inclusive of a change of the procedure conditions,
 - b) close the procedure without the selection of any of the bids or cancellation of the procedure at any of its stages, without the indication of cause.
- II.8. The changes introduced in the request for quotation shall be communicated by the Buyer to the Bidders in each of the manners specified as a form of publication specified in the Regulations.

- II.9. The Buyer reserves itself the right to ask the Bidders at each stage of the procedure for additional information, documents or explanations. The Buyer shall contact the Bidder via electronic means specified in the content of the bid sent by the Bidder.
- II.10. The Buyer reserves itself the right to undertake negotiations with all Bidders, who submitted a bid that meets the access conditions (i.e. the conditions for participation in the procedure) specified in the content of the request for quotation. The negotiations shall be run according to the following rules:
- after the lapse of the bids submission deadline, the Buyer shall notify all of the Bidders, who submitted their non-rejectable bids about the possible execution of negotiations and shall invite those Bidders for negotiations, whereby the meeting dates shall be arranged individually with each Bidder,
 - the arrangements concerning the date of negotiations shall be run via electronic mail,
 - the negotiations shall solely cover those parameters which constitute the bids evaluation criteria,
 - the flow of the negotiations shall be documented in the form of a written report signed by the negotiation teams of the Buyer and of the Bidder,
 - within the deadline determined by the Buyer, the Bidder submits a modified bid which takes into account the arrangements from negotiations. The modified bid may not contain conditions which are less beneficial than the original bid,
 - in case the Bidder refuses to take part in the negotiations, the negotiations fail to lead to binding arrangements or the Bidder fails to submit a modified bid, then the originally submitted Bidder's bid shall be subject to evaluation,
 - The Buyer will make the final evaluation of the offers and select the Contractor, based on the last modified offer submitted by the bidder.
 - The Buyer may ask the Bidders to give their consent to an extension of the bid validity period.
- II.11. In case of closing of the procedure without a selection or cancellation of the procedure, the Buyer shall immediately inform the Bidders, who submitted the bids and publish a relevant information.
- II.12. This request for bid does not oblige the Buyer to conclude an Agreement.
- II.13. As part of this procedure the Buyer does not allow the possibility of acceptance of partial bid.
- II.14. As part of this procedure the Buyer does not allow the possibility of awarding variant bids.
- II.15. The submission of a bid is equal to the acceptance, without reservations, of the contents of this request for bid together with its appendices as well as the Contract Awarding Regulations.
- II.16. The Bidders are entitled to means of legal protection in the form of a protest concerning the bids evaluation which is performed in accordance with the Contract Awarding Regulations.
- II.17. The documentation related to this request for quotation (together with appendices) must be prepared in the Polish and/or English language. In case of discrepancies in the contents of the indicated documentation, the English version of the bid shall be binding.
- II.18. In a situation where one of the documents is prepared in only one language version, the Bidder, may send an e-mail request addressed to the Buyer and therefore has the option of receiving the language version he needs.

II.19. In the situation when the Buyer receives from the Bidder the offer in only one language version, the Bidder is obliged to deliver to the Buyer the relevant translation within two weeks from receiving the request from the Buyer via e-mail. The translation shall include all the clarifications made by the Bidder.

III. DESCRIPTION OF THE CONTRACT SUBJECT MATTER (TOGETHER WITH AN INDICATION OF THE CPV CODES):

Code / CPV codes¹: CPV – 43710000-3

Name of CPV code: Metal rolling machinery

The subject of the contract is the design, delivery (**in accordance with DDP Dąbrowa Górnicza INCOTERMS 2020**), installation supervision, commissioning and start-up of **Head hardening system for railway rails**, a new line in the existing **HSM Dąbrowa Górnicza** that will use the heat of rolling without an additional induction furnace.

Schedule:

- Submission of the technical documentation necessary to obtain a building permit and environmental decision up to 1.5 months from signing the contract - condition confirmed by signing the protocol on both sides.
- Submission of basic documentation (BE) for automation - up to 6 months from signing the contract - condition confirmed by signing the protocol on both sides.
- Submission of detailed documentation (DE) for automation - up to 13 months from signing the contract - condition confirmed by signing the protocol on both sides.
- Execution and completion of deliveries up to 2 weeks before the start of the shutdown (planned shutdown period from 01/04/2023 to 30/04/2023) - completion of deliveries will be confirmed by signing the protocol on both sides.
- 30 days for programming and start-up, which will end with a positive cold test and the signing of the Commissioning protocol, which will allow the start of hot tests - (Completion date during the HSM shutdown from 01/04/2023 to 30/04/2023)
- After completion of cold tests and signing the Commissioning protocol, four-month hot tests will begin during which the following profiles and the rail grades will be hardened. Profiles and the rail grades will be tested and the required parameters must be achieved - the completion of the hot tests will be confirmed by a mutually signed Final Acceptance Protocol signed within 30 days of tests completion.

The successful completion of the hot tests and the signing of the Final Acceptance Protocol must take place within 20 months from the date of signing the contract, not later than 30/09/2023.

List of the availability of profiles for testing:

60E1 R350HT - Available June 2023

60E1 R370CrHT - Available June 2023

60E2 R350HT - Available until August 2023

54E1 R350HT - Available until August 2023

54E4 R350HT - Available until August 2023

54E5 R350HT - Available until August 2023

49E1 R350HT - Available until August 2023

49E5 R350HT - Available until August 2023

136RE SCHS AREMA (350HBW Intermediate Rail and 370HBW Heavy Duty Rail) - Available until August 2023

¹ Pursuant to the Commission Regulation (EC) no. 213/2008 of 28th November 2007 amending the Regulation (EC) no. 2195/2002 of the European Parliament and of the Council on the Common Procurement Vocabulary (CPV) and the Directives 2004/17/EC and 2004/18/EC of the European Parliament and the Council on public procurement procedures as regards the revision of the CPV

115RE SCHS AREMA (350HBW intermediate rail and 370HBW heavy duty rail) - available until August 2023.

The BUYER allows the tests to be completed earlier, testing a smaller amount of material than indicated in the technical specification constituting an appendix to this RFQ.

The hot tests will be performed by ArcelorMittal under the supervision of the Bidder.

The BUYER reserves the right to make the final decision on which profiles and rail grades mentioned above the hot test will be performed.

Due to the fact that the full description of the subject of the contract is a **business secret**, the BUYER reserves that the full description of the subject of the contract will be provided after the Bidder sends back a signed CONFIDENTIALITY STATEMENT (Appendix No. 3) attached to this inquiry. CONFIDENTIALITY STATEMENT must be sent to the BUYER by 5th of March 2021.

The CONFIDENTIALITY STATEMENT must be signed by persons on the Bidder's side authorized to do so in the registration document or the power of attorney granted.

Provision of access by the BUYER for Bidders to the full content of the description of the subject matter of the contract (i.e. the full version of the technical specification together with attachments) will be made electronically within 3 working days of receipt of the signed CONFIDENTIALITY STATEMENT.

The site visit will take place upon the bidder's written request. The bidder may participate in the site visit after signing the CONFIDENTIALITY STATEMENT, a specimen of which can be found in Appendix No. 3.

The CONFIDENTIALITY STATEMENT must be signed by persons on the Bidder's side authorized to do so in the registration document or the power of attorney granted.

ATTENTION:

Due to the sanitary restrictions and rules resulting from the situation of the coronavirus pandemic and the internal rules of the Company in terms of work organization, and to meet the bidders' needs in terms of detailing the content of the subject of the quotation, the Buyer prepared a package of organizational solutions for bidders interested in participating in the procedure.

The first solution is a visit directly on the site, The site visit will take place upon the Bidder's written request. Bidders will have the right to undergo a one site visit.

The second solution is the possibility of conducting a remote site inspection. Details of remote site visit are listed below.

The third solution is a video recording prepared by the Buyer regarding the existing infrastructure at ArcelorMittal Poland S.A. and specific technical conditions that may affect the implementation of the subject matter of the order. Video can be played during 1 hour MS Teams session with explanations given by Buyer technical team. The date of the video playback session will be agreed with the Bidder by an e-mail.

DETAILED INFORMATION ON POSSIBILITIES FOR A REMOTE SITE VISIT:

A remote site visit will be held by video connection between the Buyer and the Bidder at the agreed time through the MS Teams application with the possibility of using a microphone and a camera. The vision takes place in the form of a videoconference, which can be maintained via a computer connected to Internet, after receiving an invitation from the Buyer.

After receiving an e-mail from the Buyer to the e-mail address indicated earlier, please join the meeting by pressing the "Join meeting" button (or a similar button - depending on the platform used).

The Bidder, agreeing on the date of the vision, must indicate the names of the people who will participate in the remote vision. Due to the organizational reasons, the Bidder has the right to include a maximum of 10 participants.

In case when the user has never used a videoconferencing platform, it may be necessary to install a plugin to enable the use of the videoconference platform. Due to the number of videoconference

and the applicable time limit for each video meeting, it is very important for the Applicant to log in on time, taking into account several minutes of spare time for technical matters, such as checking the microphone, webcam and Internet connection stability. The Buyer is not responsible for any technical aspects of organization of the remote vision by the Bidder. Before videoconference starts, make sure the camera is not covered and that the microphone and speaker in the workstation are working properly. **The Bidder cannot record the course of the meeting (complete ban).** A voice recording of the meeting will be done by the Buyer. The panel meeting takes place in the form of questions and answers.

The date of the on-site visit will be agreed upon after signing and returning the CONFIDENTIALITY STATEMENT by the Bidders. Due to the fact that the deadline for submitting offers expires on March 24, 2021 at 4:00 p.m. (CET), Bidders will have the right to undergo a one on-site visit.

The date of the on-site visit will be agreed with the Bidder via e-mail.

Time limit for the performance of the subject matter of the contract:

20 months from the conclusion of the contract with the selected Bidder. (no later than September 30, 2023)

The Buyer reserves the right to change the date of implementation of the subject matter of the contract (purchase order) based on the status of the project implementation, in the event of force majeure or other terms of the co-financing agreement.

Due to the need for a third party to obtain a building permit, the Buyer reserves the right to change the HSM shutdown date in the event of a delay in obtaining the building permit, which may result in an extension of the deadline for the completion of the subject matter of the contract. In this case, the deadline for completing the subject matter of the contract will be adequately adjusted and the Parties will not pursue claims caused by the delay in this respect. The resulting possible delay in obtaining a building permit may not cause downtime in the performance of the subject matter of the contract in the scope of works that do not require obtaining such decisions.

Due to the fact that the implementation of the subject matter of the contract covered by this request for quotation is related to the project implemented by the Buyer and is covered by the co-financing agreement and due to the rigors related to the period of expenditure eligibility related to, inter alia, commissioning of research equipment on time (which is directly related to delivery deadlines of the Bidder and the signature of the final acceptance protocol -

constituting the last milestone in the implementation of the subject matter of the contract), the content of the contract for the implementation of the subject matter of the contract will include provisions regarding, (among others) contractual penalties related to resulting delays. The submission of the offer by the Bidder constitutes a written consent to the following terms of the performance of the subject matter of the contract, which will then be included in the content of the contract with the selected Bidder.

Provisions regarding contractual penalties that will be included in the content of the contract with the selected Bidder:

"The Contractor will be obliged to pay the Buyer the following contractual penalties:

- a) for failure to meet the deadline for delivery of basic executive documentation, needed to obtain a building permit and environmental decision agreed by the PARTIES in the CONTRACTUAL SCHEDULE,
- b) for failure to meet the deadline for full completion of deliveries agreed by the PARTIES in the CONTRACTUAL SCHEDULE
- c) for failure to meet the deadline for completing the subject matter of the contract agreed by the PARTIES in the CONTRACTUAL SCHEDULE and confirmed by mutual signature of Final Acceptance Protocol.

The maximum amount of penalties resulting from the delay indicated in point a), b) and c) shall not exceed 10% of the net contract value.

In the event of failure to meet the guaranteed parameters indicated in points 2.3, 2.4 and 3.2.5 of technical specification (appendix no 7 to this RFQ), the "make good clause" will apply.

The submission of the offer by the CONTRACTOR constitutes a written consent to the above-mentioned conditions for the performance of the subject matter of the contract.

The submission of the offer by the CONTRACTOR will constitute a written consent to the above-mentioned conditions for the implementation of the subject matter of the contract, which will then be included in the contract with the selected CONTRACTOR. The BUYER does not allow the possibility of negotiating the above-mentioned conditions.

IV. CONDITIONS FOR AWARDING THE CONTRACT, CONDITIONS FOR PARTICIPATION IN THE PROCEDURE AND DESCRIPTION OF THEIR EVALUATION METHOD:

- IV.1. The awarding of a contract may be pursued by the Bidders who:
- a. have the licences for execution of a certain activity or action, if the regulations impose an obligation to have such licences - a condition confirmed with a statement,
 - b. run an activity which is consistent with the description of the contract subject matter - a condition confirmed with a statement,
 - c. The Bidder will submit a declaration (in accordance with the template in APPENDIX 5 to the **Commercial Bid Form** attached) that has the necessary knowledge and experience as well as the technical potential and people able perform the contract.
 - a condition confirmed with a statement regarding the list of execution of reference items order, including Head hardening system for railway rails - it is required to submit a list of completed Head hardening systems for railway rails from the last 15 years,

including the name of the buyer, location, year, description of scope, delivery time (as General Contractor) - minimum one project.

- d. are in a financial and economic situation which ensures the performance of the contract - condition confirmed with experience,
- e. are neither in a state of liquidation nor have they announced their bankruptcy - a condition confirmed with a statement,
- f. are not in arrears with the payment of public & legal fees, taxes, or contributions for social or health insurance - the Bidder shall present a declaration/certificate, that it is not in arrears with the above-mentioned payments (public & legal fees, taxes, social insurance premiums),
- g. will have third-party liability insurance policy concerning their business activity - the Bidder shall submit a declaration that within 60 days from the contract signing date it will hold a relevant third-party liability insurance policy for the value of min. for the value of min. 5 mln EUR for one event with the annual accumulation 15 mln Euro. The policy shall be valid/extended for the entire contract term for the value indicated above,
- h. were not convicted with a lawful decision for any crime committed in relation to the contract awarding procedure, for the crime of bribery, for a crime against the economic turnover or other crime committed in order to obtain financial benefits - as a partner of a registered partnership, a partner or management board member of a professional partnership; a general partner of a limited partnership as well as a limited joint-stock partnership; a member of the management body of a legal person,

- k. signed the Work Health & Safety Agreements according to a template attached to the present request for quotation,
- l. The Contractor will deliver to the Buyer, together with the invoice which requires security, a bank guarantee consistent with the essential issues of templates indicated in Appendix No 2 of this request for quotation. Failure to provide a bank guarantee or delivery of a bank guarantee inconsistent in essential matters with the Buyer's template will entitle the Buyer to refrain from any payments until the Contractor submits the relevant guarantee documents, and the Contractor will not be entitled to any claims for withheld payments.

IV.2. The BUYER will verify the compliance of the submitted offer with the formal conditions and entry criteria set out in the table below (admission criteria).

Failure by the Bidder to meet the requirements indicated in the inquiry and in the table below will mean that the offer will be rejected and will not be subject to further evaluation.

ITEM	List of criteria admitting to the next stage of bids evaluation	Confirmation (YES/NO)	Description of task feasibility + List of works with the proposed technology of execution.	Remarks of the bidder / List of items, works with quantity	Reference to the bid: Page no. Point no.
1	Declaration of the Bidder on the acceptance of Health & Safety Agreement applicable in AMP - Declaration constitutes appendix No. 4 to RFQ				
2	The Bidder shall submit a declaration that it is not in arrears with the payment of public & legal receivables (taxes, social insurance premiums)				
3	The Bidder shall submit a declaration that within 60 days form the contract signing date, it shall hold a relevant third-party liability insurance policy for the value of min. 5 mln EUR for one event with the annual accumulation 15 mln Euro. The policy shall be valid/extended for the entire contract term for the value indicated above				
4	The Bidder will submit a statement that, as part of the AGREEMENT, the last delivery of the equipment will take place two weeks before the shutdown of the heavy rolling mill				
5	The Bidder will submit a statement that, as part of the AGREEMENT, he will deliver basic documentation with assembly drawings, along with cross-sections / descriptions, layout or layout visualization, needed to obtain a building permit and environmental decision. This documentation will be provided within 1.5 months of contract signature date.				
6	The Bidder will prepare and submit, together with the offer, a detailed schedule, broken down into weeks, from the date of signing the contract to the readiness of hardened profiles, in accordance with the list of profiles availability for testing indicated in Schedule constituting appendix No 6 to COMMERCIAL BID FORM attached to this RFQ				
7	The Bidder will submit a statement that as part of the AGREEMENT, he will perform commissioning of the system (cold and hot tests), conduct training and lead the system to full production capacity.				
8	The Bidder will submit a statement that, as part of the AGREEMENT, he will maintain compliance of the devices used with the Insulation standard (AMP).				
9	The Bidder together with a technical offer will provide a list of hazardous substances used in the system				
10	The Bidder will submit a statement that, as part of the AGREEMENT, the change of the profile and grade will be automatically set in the system <15min.				
11	The Bidder will submit a statement that as part of the AGREEMENT, he will deliver a system adapted to harden rails in the range of 75-128m.				

12	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a system that guarantees the technical possibility of hardening the rail head in the rail steel grades while maintaining the specified properties (strength limit - Rm, elongation - A5, hardness HBW, all other parameters listed in the standard) for all profiles and grades: R350HT / R350LHT / R370CrHT / R400HT in accordance with EN13674-1: 2011 + A1: 2017				
13	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a system that guarantees the technical possibility of head hardening grades together with meeting the minimum steel properties (strength limit - Rm, elongation - A5, HBW hardness, all others parameters mentioned in the standard) for AREMA 2016				
14	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a system that guarantees the technical possibility of head hardening grade R350HT (according to PN-EN 13674-1:2011+A1:2017) for profile R65/P65 (according to GOST P 51685-2013)				
15	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees the perlite structure for all species specified in the PN-EN 13674-1: 2011 + A1: 2017 and AREMA 2016 standards				
16	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees max variation in hardness on the running surface along the length of the rails for all grades specified in PN-EN 13674-1: 2011 + A1: 2017 and AREMA 2016 – which cannot exceed $\pm 10\text{HBW}$				
17	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees stress intensity factor K _{IC} (fracture toughness) for all grades specified in PN-EN 13674-1: 2011 + A1: 2017 and AREMA 2016 - 32 MPa*m ^{1/2}				
18	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees fatigue strength for all grades specified in PN-EN 13674-1+A1 and AREMA 2016 standards – min. 10 mln cycles				
19	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees distance of cementite tiles in perlite for all grades specified in PN-EN 13674-1:2011+A1:2017 and AREMA 2016 standards – in the range 0,1-0,15 μm .				
20	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees that to start HH process heat from the rolling line will be used. No need to install induction heater. New line will be installed behind last stand and before hot saws in Heavy Section Mill.				
21	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees noise level (measurement acc. DIN close to HH line) at the level $\leq 85\text{ dB(A)}$				

22	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees tolerance range for cross-section after head hardening process in accordance with PN-EN 13674-1 + A1 for profiles mentioned in this standard and for profile P65 / R65 within the tolerance range of PN-EN 13674-1+A1 (profile in accordance with GOST P 51685-2013)				
23	The Bidder will submit a statement that, as part of the AGREEMENT will guarantee that rail will be in The tolerance range for the cross section after the head hardening process in accordance with AREMA 2016 for the profiles mentioned in this standard.				
24	The Bidder will submit a statement that, as part of the AGREEMENT, he will guarantees the delivery time from signing the contract to the commencement of the complete shutdown of the heavy section mill not longer than 14 months. The period may be extended in the event of a change in the deadline of the HSM shutdown.				
25	The Bidder will submit a statement that, as part of the AGREEMENT, he will ensure the work cycle during the standstill of the heavy section mill 24/7, all shifts are fully filled. Stoppage time - 30 days. Work that does not affect the production process should start before stopping. Date of the planned shutdown of the heavy section mill - April 2023.				
26	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide service instructions of the installation/devices for regular maintenance in polish				
27	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a module for generating reports. Reports must be kept for at least 30 days. The offer will include a module for generating reports.				
28	The Bidder will submit a statement (in accordance with the template constituting APPENDIX 5 to COMMERCIAL BID FORM) that he has the necessary knowledge and experience, and has technical potential and people (resources) capable to perform the contract - this condition will be confirmed by a declaration regarding the list of reference subjects order, including the head hardening system of railway rails - a list of completed rail head hardening installations for the last 15 years is required, including the name of the buyer, location, year, scope description, completion time (as General Contractor) - minimum one implementation.				
29	With the offer the Bidder will present a detailed Project implementation schedule, including the stages of implementation in accordance with the Schedule constituting appendix No 6 to COMMERCIAL BID FORM attached to this RFQ				
30	The Bidder will submit a statement that as part of the AGREEMENT that he will deliver the entire rail head hardening system with necessary accessories				
31	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide the system for preparing the main utilities necessary for head hardening				

32	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a manipulator for picking the rails from the central roller table.				
33	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide additional equipment for the mechanical part of the project.				
34	The Bidder will submit a statement that, as part of the AGREEMENT, he will fill the system for the first time together with the delivery of the necessary utilities.				
35	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide distribution pipelines necessary for the proper operation of the head hardening line				
36	The Bidder will submit a statement that, as part of the AGREEMENT, it will provide technological pipelines necessary for the proper operation of the head hardening line				
37	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide an additional fence - safety fencing. Installation must prevent access by unauthorized people.				
38	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a system capable of hardening the entire surface of the rail head				
39	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide MV, LV, control and communication cables				
40	The Bidder will submit a statement that as part of the AGREEMENT it will provide switchgears and MV / LV dry-type transformer				
41	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide motors necessary for the proper operation of the rail head hardening line				
42	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a new, equipped cabin for the operator (operator room)				
43	The Bidder will submit a statement that, as part of the AGREEMENT, it will grant a Guarantee - 20 months after signing the Final Acceptance Protocol.				
44	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide the Service Manual for the installation / devices for periodic maintenance in Polish.				
45	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide technological instructions and descriptions in Polish				
46	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a list of spare parts and spare parts necessary for 1 year of operation of the hardening line worth 600k€ and will provide spare parts necessary to start the system. The list of Spare Parts and parts necessary to start the system should be delivered with the offer.				

47	The Bidder will submit a declaration that, as part of the AGREEMENT, the bidder's representative will participate in each project meeting during the project implementation phase or at AMP's request.				
48	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide training for operators, maintenance and automation engineers, and additional training for automation engineers before the heavy section mill shutdown. Training related to the operation of the hardening line enabling full service along with the identification and resolution of any possible errors/faults.				
49	The Bidder will submit a statement that, as part of the AGREEMENT, he will issue a Declaration of Conformity in accordance with the essential requirements of the relevant European Union Directives - and will mark the new head hardening line with the CE mark				
50	The Bidder will submit a statement that, as part of the AGREEMENT, he will guarantee that the new head hardening line will be fully automated or a maximum of 1 person per shift will be required for operation.				
51	The Bidder will submit a statement that, as part of the AGREEMENT, the system control algorithm will be transferred to ArcelorMittal Poland 2 months before the heavy section mill shutdown (process control program with a description).				
52	The Bidder will submit a statement that as part of the AGREEMENT, he will guarantees the bidder's response time to the failure reported by AMP - up to 24 hours during the warranty period. Technical consultation or VPN connection. Possibility to report a failure by e-mail; service in Polish.				
53	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees the recording and archiving of measurement data, and the archived data will be stored for at least one month.

- performing the function of a supervisory or management authority, legal proxy or representative,
- being married, in a direct kinship or relationship, kinship of the second degree or secondary relationship of the second degree, or in relation to the adoption, care or guardianship.

V. BIDS EVALUATION CRITERIA TOGETHER WITH AN INFORMATION ABOUT POINT OR PERCENTAGE WEIGHTS ASSIGNED TO THE INDIVIDUAL BIDS EVALUATION CRITERIA:

V.1. The evaluation consists of two parts: the financial & trade evaluation as well as the technical evaluation.

Item	Criterion	Weight of the criterion	Evaluation method
1	C - Net price* [EUR/PLN] * The offered price must include all costs related to the implementation of the subject matter of the contract.	70%	$C = (C_{mn} / C_{nob}) \times 70$, where C - number of points for a price C _{mn} - lowest bid price, net C _{nob} - the examined bid price, net

2	<p>TP - Technical parameters*</p> <p>* Assessment will be carried out according to the table below.</p>	30%	<p>1) 100% - TP = 30%</p> <p>2) 50% - TP = 15%</p> <p>3) 0% - TP = 0%</p>
----------	---	-----	---

Criterion: price (C)

Weight: 70%

1. Please specify the prices in net values (without VAT) as well as in gross values.
2. The price should be quoted in **EUR/PLN**.
3. Quotation of the price in another currency shall result in the Buyer's conversion of the price into **EUR**, using the exchange rate tables (Table A - Average exchange rates for foreign currencies) of the National Bank of Poland as of the date specified in item VII.1 according to request for quotation (final date for submission of offers).
4. In case of negotiations with the Bidders and submission of final bids by them, the Buyer's conversion to the **EUR** currency will be made using the exchange rate tables (Table A - Average exchange rates of foreign currencies) of the National Bank of Poland as of the day specified in item 3 above.
5. Regardless of the prices quoted by the Bidder in a currency other than **EUR**, the currency of the contract concluded with the Bidder selected by the Buyer is **EUR**

When calculating this criterion, the BUYER will take into account the net price in EURO or PLN for the performance of the subject of the contract. These prices must include all costs related to the implementation of the subject matter of the contract, including:

- 1) the price of the analysis of the current state, design, purchase, delivery (in accordance with DDP INCOTERMS 2020), supervision over the installation, commissioning and start-up of the Head hardening system for railway rails at HMS Dąbrowa Górnicza,
- 2) VAT,
- 3) all materials and devices used,
- 4) labour and equipment costs,
- 5) transport costs,
- 6) costs of land security,
- 7) all taxes and fees related to the subject of the order,
- 8) insurance costs,
- 9) costs of loading,
- 10) all costs related to the comprehensive performance of the contract,
- 11) all fees and compensations for damages, costs and losses incurred in connection with the implementation of the order.

The offer with the lowest price will receive 100 points multiplied by the weight of the criterion and will be accepted as the basis for examining the remaining offers. The scoring for the prices of subsequent offers will be made according to the formula:

$$\text{Criterion „C”} = \frac{\text{Lowest price}}{\text{Price of the examined offer}} \times 100 \text{ pkt} \times 70 \% \text{ (weight of the criterion)}$$

Criterion: Technical parameters (TP)

Weight: 30%

The awarding of points for this criterion will take place only after all entry criteria specified in point IV.2 of this inquiry will be fulfilled.

The evaluation will be carried out according to presented descriptions specified in the offer under parameter indicated below:

Item	Group	S. No	Parameters	Group Rating	Subgroup Rating
A	Performance Guarantees / Quality	1	Line capacity	100%	100%

V.2. Description of the manner of granting of points for the fulfilment of a given bid evaluation criterion.

Criterion: Price (C)

Score will be calculated as a proportion of the lowest price among the submitted bids to the price from the examined bid in the procedure, multiplied by the criterion weight.

$C = \frac{C_{mn}}{C_{nob}} \times 90$ where:

C - number of points for a price

C_{mn} - net price of the lowest bid

C_{nob} - net price of the examined bid

Criterion: Technical parameters (TP)

Description of the adopted method for assessing the technical parameters (TP) of the offer:

SI.No	Element description	Required and expected parameters	Value of the Subgroup rating	The weight value of the element	Description of the adopted assessment method
A	Guaranteed parameters/ Quality	100,00%			
1	Line capacity - minimum 20 rails/hour	20 rails/hour	100%	100%	Line Capacity: ≥22 rails/hour = 10 points Line Capacity: 21 rails/hour = 5 points Line Capacity: ≤20 rails/hour = 0 points
	Total Score	100,00%		100,00%	

The above table will allow to make a summary assessment of the offered technical parameters of the offer based on the following formula:

Calculated element value [%] = received evaluation for offered parameter [points] x weight value of element [%] / 10

- After determining the Total percentage value of the offered technical parameter included in the submitted offer, the award of points will be made in accordance with the following method:

- 1) 100% - TP = 30%
- 2) 50% - TP = 15%
- 3) 0% - TP = 0%

The total number of points granted to a given evaluated bid is the sum of points granted under individual criteria:

Final rating of the offer = C + TP

Analysis and evaluation of offers will be made by the Suppliers Selection Committee appointed by the Buyer.

Firstly, the formal conditions and admission criteria will be assessed.

The Buyer may request explanations regarding the content of submitted bids at each stage of the proceeding, corrections of obvious clerical errors, obvious accounting mistakes, taking into account the accounting consequences of the corrections made, other errors which make offers not consistent and do not significantly change the content of the offer. Obvious mistakes are corrected by the Buyer in a special form, notifying the bidder whose offer has been corrected.

If the Bidder does not correct errors until the deadline indicated by the Buyer, his offer will be rejected.

Next, the Suppliers Selection Committee will assess the fulfilment of the conditions required from Bidders.

Information on the selection of the best offer (including the name and address of the winner of the proceedings) will be posted on the websites of the Buyer and on the websites of Competitiveness Database (Baza Konkurencyjności).

1. Buyer will select the most advantageous offer that obtains the largest number of summed up points.
2. If, as part of the purchase of services and supplies necessary for the implementation of the Project, Buyer will decide between several offers that are most economically advantageous, it will choose an offer that is more favorable in terms of environmental and climate impact.

Assessment based on the answer to the question: Do you use the Integrated Management System? (YES/NO).

In connection with the above, Buyer asks you to provide in the content of the offer information about the use of the Integrated Management System in your company, including: which includes the ISO 14001 environmental management system. (YES, we do/ NO, we don't).

In the event of failure to provide the aforementioned information in the offer, Buyer will assume that the Integrated Management System is not used by a given Bidder.

The lack of the aforementioned information in the content of the offer does not affect the formal assessment of the completeness of the offer and does not cause its rejection.

3. If there is still a situation with an equal number of points and Buyer will still settle between several offers with an equal number of points, Buyer has the right to call the Bidders whose offers received the highest final number of points to supplement the offer by providing the information on the environmental impact of the subject of the offer indicated by Buyer (e.g. lower energy consumption, lower water consumption, use of recycled materials, etc.).

VI. INFORMATION ABOUT THE PERFORMANCE BOND REQUESTED BY THE BUYER (IF THE BUYER DEMANDS SUCH BOND):

- VI.1. The Buyer reserves itself the right to demand from the Bidder, whose bid was selected, a performance bond for the Agreement, hereinafter referred to as the 'bond'.
- VI.2. The bond shall be used to cover the claims related to the non-performance or improper performance of the Agreement and as a return of advance paid to the Bidder. If the Bidder is a guarantor at the same time, the bond will also be used to cover the claims related to a quality guarantee.
- VI.3. A detailed description of the requested bonds is in accordance with the provisions of the contract.

VII. PLACE, DEADLINE AND PROCEDURE FOR SUBMISSION OF BIDS:

- VII.1. **The bids must be submitted until 24.03.2021, 16:00 (4:00 p.m.)**
- VII.2. The bid (together with its appendices) must be prepared in the Polish and English language. In case of discrepancies in the contents of the submitted bid, the English version of the bid shall be binding. **The name and number of the Request for quotation specified on the first page of this enquiry should be indicated on the envelope and/or in the subject of an e-mail.**
- VII.3. In the situation when the Buyer receives from the Bidder the offer in only one language version, the Bidder is obliged to deliver to the Buyer the relevant translation within two weeks from receiving the request from the Buyer via e-mail. The translation shall include all the clarifications made by the Bidder.
- VII.4. The bid should be signed by people authorized to represent the Bidder according a registration document or according to a power of attorney.
- VII.5. The bids have to be submitted to the following e-mail address: capex-publictenders@arcelormittal.com The bid should be addressed to Mr Piotr Muziol, EPO Department and inquiry no 1/0438/2021. Due to the current epidemiological situation offices of ArcelorMittal Poland S.A. remain closed. It is possible to submit an offer in person, however, only after prior arrangement with the Buyer.
- VII.6. The bids submission date shall be the day on which it reaches the Buyer's headquarters or reaches the e-mail address specified in the request.
- VII.7. Bids received after the deadline will not be evaluated.
- VII.8. The Bidder may ask the Buyer to explain the content of the request for quotation. The Buyer shall provide explanations if the request was submitted to the Buyer not later than 3 working days (working days: days from Monday 8:00 a.m. until Friday 3:30 p.m. with exclusion of the national public holidays), before the lapse of the bids submission deadline. In case of requests for quotation with at least 30-day long deadline for the submission of bids, the questions of the Bidders may be submitted not later than within 7 working days before the lapse of the bids submission deadline. The content of the questions with explanations of the Buyer is published in the same way in which the request for quotation was published.

Questions concerning the content of the request for quotation together with the attachments (as well as the content of the subject-matter of the order) should be addressed to the following persons:

The policy shall be valid/extended for the entire contract term for the value indicated above				
4	The Bidder will submit a statement that, as part of the AGREEMENT, the last delivery of the equipment will take place two weeks before the shutdown of the heavy rolling mill				
5	The Bidder will submit a statement that, as part of the AGREEMENT, he will deliver basic documentation with assembly drawings, along with cross-sections / descriptions, layout or layout visualization, needed to obtain a building permit and environmental decision. This documentation will be provided within 1.5				

	months of contract signature date.				
6	The Bidder will prepare and submit, together with the offer, a detailed schedule, broken down into weeks, from the date of signing the contract to the readiness of hardened profiles, in accordance with the list of profiles availability for testing indicated in Schedule constituting appendix No 6 to COMMERCIAL BID FORM attached to this RFQ				
7	The Bidder will submit a statement that as part of the AGREEMENT, he will perform commissioning of the system (cold and hot tests), conduct training and lead the system to full production capacity.				
8	The Bidder will submit a statement that, as part of the AGREEMENT, he will maintain compliance of the devices used with the Insulation standard (AMP).				
9	The Bidder together with a technical offer will provide a list of hazardous substances used in the system				
10	The Bidder will submit a statement that, as part of the AGREEMENT, the change of the profile and grade will be automatically set in the system <15min.				
11	The Bidder will submit a statement that as part of the AGREEMENT, he will deliver a system adapted to harden rails in the range of 75-128m.				
12	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a system that guarantees the technical possibility of hardening the rail head in the rail steel grades while maintaining the specified properties (strength limit - Rm, elongation - A5, hardness HBW, all other parameters listed in the standard) for all profiles and grades: R350HT / R350LHT / R370CrHT / R400HT in accordance with EN13674-1: 2011 + A1: 2017				
13	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a system that guarantees the technical possibility of head hardening grades together with meeting the minimum steel properties (strength limit - Rm, elongation - A5, HBW hardness, all others parameters mentioned in the standard) for AREMA 2016				
14	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a system that guarantees the technical possibility of head hardening grade R350HT (according to PN-EN 13674-1:2011+A1:2017) for profile R65/P65 (according to GOST P 51685-2013)				
15	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees the perlite structure for all species specified in the PN-EN 13674-1: 2011 + A1: 2017 and AREMA 2016 standards				
16	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees max variation in hardness on the running surface along the length of the rails for all grades specified in PN-EN 13674-1: 2011 +				

	A1: 2017 and AREMA 2016 – which cannot exceed $\pm 10\text{HBW}$				
17	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees stress intensity factor K_{Ic} (fracture toughness) for all grades specified in PN-EN 13674-1: 2011 + A1: 2017 and AREMA 2016 - 32 MPa*m ^{1/2}				
18	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees fatigue strength for all grades specified in PN-EN 13674-1+A1 and AREMA 2016 standards – min. 10 mln cycles				
19	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees distance of cementite tiles in perlite for all grades specified in PN-EN 13674-1:2011+A1:2017 and AREMA 2016 standards – in the range 0,1-0,15 μm .				
20	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees that to start HH process heat from the rolling line will be used. No need to install induction heater. New line will be installed behind last stand and before hot saws in Heavy Section Mill.				
21	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees noise level (measurement acc. DIN close to HH line) at the level $\leq 85\text{ dB(A)}$				
22	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a system that guarantees tolerance range for cross-section after head hardening process in accordance with PN-EN 13674-1 + A1 for profiles mentioned in this standard and for profile P65 / R65 within the tolerance range of PN-EN 13674-1+A1 (profile in accordance with GOST P 51685-2013)				
23	The Bidder will submit a statement that, as part of the AGREEMENT will guarantee that rail will be in The tolerance range for the cross section after the head hardening process in accordance with AREMA 2016 for the profiles mentioned in this standard.				
24	The Bidder will submit a statement that, as part of the AGREEMENT, he will guarantees the delivery time from signing the contract to the commencement of the complete shutdown of the heavy section mill not longer than 14 months. The period may be extended in the event of a change in the deadline of the HSM shutdown.				
25	The Bidder will submit a statement that, as part of the AGREEMENT, he will ensure the work cycle during the standstill of the heavy section mill 24/7, all shifts are fully filled. Stoppage time - 30 days. Work that does not affect the production process should start before stopping. Date of the planned shutdown of the heavy section mill - April 2023.				
26	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide service instructions of the installation/devices for regular maintenance in polish				

27	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a module for generating reports. Reports must be kept for at least 30 days. The offer will include a module for generating reports.				
28	The Bidder will submit a statement (in accordance with the template constituting APPENDIX 5 to COMMERCIAL BID FORM) that he has the necessary knowledge and experience, and has technical potential and people (resources) capable to perform the contract - this condition will be confirmed by a declaration regarding the list of reference subjects order, including the head hardening system of railway rails - a list of completed rail head hardening installations for the last 15 years is required, including the name of the buyer, location, year, scope description, completion time (as General Contractor) - minimum one implementation.				
29	With the offer the Bidder will present a detailed Project implementation schedule, including the stages of implementation in accordance with the Schedule constituting appendix No 6 to COMMERCIAL BID FORM attached to this RFQ				
30	The Bidder will submit a statement that as part of the AGREEMENT that he will deliver the entire rail head hardening system with necessary accessories				
31	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide the system for preparing the main utilities necessary for head hardening				
32	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a manipulator for picking the rails from the central roller table.				
33	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide additional equipment for the mechanical part of the project.				
34	The Bidder will submit a statement that, as part of the AGREEMENT, he will fill the system for the first time together with the delivery of the necessary utilities.				
35	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide distribution pipelines necessary for the proper operation of the head hardening line				
36	The Bidder will submit a statement that, as part of the AGREEMENT, it will provide technological pipelines necessary for the proper operation of the head hardening line				
37	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide an additional fence - safety fencing. Installation must prevent access by unauthorized people.				
38	The Bidder will submit a statement that as part of the AGREEMENT, he will provide a system capable of hardening the entire surface of the rail head				
39	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide MV, LV, control and communication cables				

40	The Bidder will submit a statement that as part of the AGREEMENT it will provide switchgears and MV / LV dry-type transformer				
41	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide motors necessary for the proper operation of the rail head hardening line				
42	The Bidder will submit a statement that, as part of the AGREEMENT, he will provide a new, equipped cabin for the operator (operator room)				
43	The Bidder will submit a statement that, as part of the AGREEMENT, it will grant a Guarantee - 20 months after signing the Final Acceptance Protocol.
