

**Communique regarding the change of the content of the RFQ
concerning procedure No. 1/0438/2022**

In connection with the initiated proceedings in the field of **modernization of the mechanical rail head hardening system in DWD Dąbrowa Górnicza** carried out as part of the project “Reliable and durable in operation, modern railway rails with a length of 120 m, characterized by high mechanical properties, high resistance to cracking and a modified microstructure of the material due to the modernization of the cooling process after rolling”. (project no. POIR.01.01.01-00-0438/17), co-financed from the funds of the European Regional Development Fund and as part of the Smart Growth Operational Program 2014-2020, sub-measure 1.1.1 “Industrial research and development work carried out by enterprises” we hereby inform you that in the content of the published procedure, the following changes are introduced:

- Point 3 of Appendix 1a is changed.

In view of the above, we publish the updated content of the Request for Quotation and attachments.
The other provisions of the inquiry remain unchanged.

**Yours sincerely,
Ordering Party's team**
