BUYER’S approval of any subcontracting shall neither limit in any way the responsibility and the liability of the CONTRACTOR under the concerned CONTRACT, nor entail any BUYER’S responsibility. The CONTRACTOR shall be responsible for the due compliance by its subcontractors with all health, safety, environment, work conditions and social LAWS and obligations, especially those related to illegal work, as well as with the related provisions of the GENERAL CONDITIONS and of the concerned CONTRACT. In any case, all CONTRACTOR’S subcontractors working on the concerned SITE for the implementation of any part of a CONTRACT shall have been duly, properly and prior insured for the risks related to their activities and works on SITE. The time, duration, and conditions of such inspections shall be determined by the PARTIES so as not to interfere with, nor unreasonably delay the progress of the concerned manufacturing operations. When during such inspections the BUYER detects defaults or defects, the BUYER may reject the WORKS AND/OR EQUIPMENT in whole or in part or give to the CONTRACTOR its comments in order to make the WORKS AND/OR EQUIPMENT comply with the concerned CONTRACT. The CONTRACTOR shall promptly remedy defaults and defects and carry out any appropriate corrective actions. Moreover, the CONTRACTOR shall remain in any case fully liable and bears all risks related to the WORKS AND/OR EQUIPMENT.

The CONTRACTOR shall immediately notify the BUYER in writing of any delay(s) which may occur with respect to the CONTRACTUAL TIME SCHEDULE and simultaneously give all information about (i) the reason and extent of said delay and (ii) the corrective actions and measures the CONTRACTOR will carry out in order to avoid, strive with or recover said delay.

14.4. safety plan by the BUYER, the CONTRACTOR, its staff and any subcontractor or third party involved, in accordance with the LAWS. The BUYER shall provide the CONTRACTOR with access to the SITE, provided that: (i) the CONTRACTOR has previously obtained from the BUYER all required authorizations of works (in particular in relation to safety matters) according to the regulations of each concerned SITE and that (ii) all CONTRACTOR’S staff (including its subcontractors’ staff) intervening on SITE has prior successfully attended the safety introduction meeting organized on SITE. The BUYER may not unreasonably refuse such authorizations of works. The BUYER may not unreasonably refuse such authorizations of works. Only areas approved by the BUYER may be covered by the above-mentioned installations. No accommodation facilities for overnight stays on SITE of the CONTRACTOR’S employees shall be allowed. The CONTRACTOR shall be responsible for the safety coordination of all works and/or services the CONTRACTOR performs directly or indirectly in relation to the supply of the WORKS AND/OR EQUIPMENT, and as such it shall notably be responsible for its staff, representatives, agents and subcontractors with respect to all safety instructions in accordance with the LAWS. The CONTRACTOR shall in any case before and throughout the performance of any CONTRACT provide its employees, agents, representatives and subcontractors with all relevant information concerning the SITE as well as all risks and constraints relating thereto. The CONTRACTOR further undertakes to (i) duly and immediately inform the concerned SITE’S representatives of any accident, personal injury, accidental contamination and/or pollution occurred on or nearby the SITE as well as of any hazardous or radioactive product noted or discovered during the implementation of the concerned CONTRACT, especially in relation to the WORKS AND/OR EQUIPMENT, and (ii) take all appropriate measures and actions to mitigate the consequences arising or which may arise therefrom.

15.3. SITE CLEANUP & CLEARANCE: The CONTRACTOR may not introduce in any SITE any hazardous and/or radioactive product without BUYER’S prior express agreement made in writing. Failing to do so, the costs incurred for the compulsory or appropriate evacuation and treatment of those products as well as any damages arising from such introduction, evacuation or treatment shall be entirely borne by the CONTRACTOR, including in case of personal injuries. When the CONTRACTOR has been authorised to introduce hazardous products in a SITE, the CONTRACTOR shall (i) handle and store them in due compliance with applicable LAWS and SITE’S internal rules, as well as (ii) take any and all preventive measures to avoid any contamination or pollution on SITE and/or to any person intervening on SITE. All wastes, including hazardous products, shall be treated and removed regularly in due compliance with applicable LAWS and SITE’S internal rules at the CONTRACTOR’S sole expenses and risks. If the CONTRACTOR fails to fulfil this obligation upon receipt of one (1) request and after one (1) DAY grace period, the BUYER shall be entitled to appoint - without judicial authorization - any third party to carry out this obligation at the CONTRACTOR’S costs. A container for the CONTRACTOR’S own household waste shall be provided by the CONTRACTOR. The SITE shall be kept in clean and tidy conditions by the CONTRACTOR. All residual materials, the CONTRACTOR’S own staff facilities and waste shall be removed from BUYER’S premises and/or the SITE and at the latest upon completion of erection the WORKS AND/OR EQUIPMENT.

15.4. CONDUCT ON SITE: The CONTRACTOR shall adapt its operations to the SITE and to the SITE’S operations and activities at any stage of the performance of the WORKS AND/OR EQUIPMENT. Any other works or activities carried out on SITE either by the BUYER or any third party during the same period shall be taken into consideration by the CONTRACTOR, which shall implement and comply with all instructions given by BUYER’S coordinator or representatives. The CONTRACTOR shall carry out all measures so as the implementation of the WORKS AND/OR EQUIPMENT may not affect nor impair in any way the BUYER’S productivity and/or activities on the concerned SITE, it being specified that the modalities of any unavoidable disruption or suspension of BUYER’S productivity and/or activities due to CONTRACTOR’S operations shall be expressly prior agreed by the PARTIES. The CONTRACTOR shall also take all
protective measures to avoid any nuisance to neighbours (especially in terms of noise, dust, oil and any other pollution) so that BUYER’S responsibility will not be investigated by any public administration or any third party in relation to the CONTRACT and/or the WORKS AND/OR EQUIPMENT, the CONTRACTOR being fully responsible for the consequences arising therefrom.

15.5. USE OF BUYER’S PREMISES: The CONTRACTOR shall use at its own risks and costs the premises and facilities put by the BUYER at its disposal on or near the SITE for and during the implementation of any CONTRACT. The BUYER may recover at any time such premises and facilities after a five (5)-DAY prior notice. The CONTRACTOR shall be responsible for the custody of such premises and facilities, including any equipment, machines, tools, materials and other staff’s equipment. The CONTRACTOR undertakes to maintain these premises and facilities in good state and condition, clean and safe throughout the performance of the concerned CONTRACT and not to modify them without BUYER’S prior express agreement. The BUYER shall not be liable for any losses or damages related to the use of said premises and facilities by the CONTRACTOR, in particular in case of theft, fire, etc., caused to or suffered by the CONTRACTOR’S equipment, machines, tools, materials and other staff’s and/or subcontractors’ equipment.

If the BUYER makes its roads, railways and/or other internal transport means existing on or available to the concerned SITE, available to the CONTRACTOR for implementing any part of the WORKS AND/OR EQUIPMENT, the CONTRACTOR shall use them at its own risks, in compliance with the LAWS, the concerned CONTRACT and/or any other regulations and/or conditions applicable with this respect as well as in such a way so as not to hinder BUYER’S own activities and production and/or traffic and to optimize the use of said roads, rails and internal transport means.

15.6. BUYER’S SUPPLIES

15.6.1. Supply of power, fluids and gas: The BUYER may provide electricity, gas, water, steam or compressed air to the CONTRACTOR (i) for the strict performance of the concerned CONTRACT and/or WORKS AND/OR EQUIPMENT on SITE and (ii) provided that the capacity, quantity and/or frequency of the concerned supply(ies) as specified by the CONTRACTOR is available on the concerned SITE. The CONTRACTOR shall use such supplies in such a way to keep their consumption within normal limits and to avoid any disruption of BUYER’S networks. The BUYER may request compensation for the costs engaged in relation to these supplies, provided it was agreed in the concerned CONTRACT. Utilization and consumption of these supplies are at the CONTRACTOR’S own risks, the BUYER not being liable for any failures in relation to such supplies and facilities, except in case of BUYER’S fault in this respect. In case no power is available on the concerned SITE during a time period of more than twenty-four (24) hours and provided that the use of power is substantial at that moment without any possibility to find any other suitable solution, the CONTRACTUAL TIME SCHEDULE shall be amended by the PARTIES provided that the deadlines specified in the said CONTRACTUAL TIME SCHEDULE have been effectively affected thereby.

15.6.2. Loan of materials and tools by the BUYER: Upon the CONTRACTOR’S express request, the BUYER may make available specific materials and/or tools (for example hardware, software already included in SITE’S equipment and/or facilities, crane, travelling crane, etc.) to the CONTRACTOR. For significant materials and/or tools to be made available to the CONTRACTOR, a list of these materials and/or tools as well as the conditions applicable thereto shall be especially agreed upon by the PARTIES in a written document or in the CONTRACT. In any case, the CONTRACTOR shall prior check the conformity, suitability and adequateness of such materials and tools to the use it intends for them. All tools and/or materials made available to the CONTRACTOR by the BUYER shall be returned to the BUYER by the ACCEPTANCE, complete and at least in the same state as they were at the date they have been put at the CONTRACTOR’S disposal. As from the date the BUYER put them at the CONTRACTOR’S disposal and throughout the time period during which the CONTRACTOR has said materials and tools in its care, the CONTRACTOR shall bear all risks of operation, control, deterioration, depreciation and loss of these materials and tools. As a consequence, the CONTRACTOR shall be responsible for all these tools and materials, for their use and safe keeping in quantity and quality and shall compensate the BUYER accordingly. These tools and materials (except those specified in a specific written document as mentioned
here above) may be withdrawn at anytime by the BUYER without compensation nor any prior notice. The materials and tools provided by the BUYER shall remain its property. If the CONTRACTOR has any doubts about the quality of the tools and/or materials put at its disposal by the BUYER, the CONTRACTOR shall inform the BUYER forthwith. The transport of BUYER’S tools and materials from BUYER’S warehouses or stores to the utilization place as well as the loading, lashing, securing, unloading and handling of such tools and materials shall be at the CONTRACTOR’S entire responsibility and costs. Residual quantities of the materials provided under this Clause (including scrap) shall be returned free-of-charge and without undue delay to the location on the SITE or any such other place near the SITE as designated by the BUYER. The CONTRACTOR shall, at the BUYER’S request, document the consumption of all materials provided by the BUYER.

15.6.3 Supply by the BUYER of material and services to be incorporated in the WORKS AND/OR EQUIPMENT: If the PARTIES agree that the BUYER or any third party will provide some goods, materials or services to the CONTRACTOR for their incorporation in the WORKS AND/OR EQUIPMENT, then the CONTRACTOR shall control the quality of their implementation and/or incorporation, and bear all risks and costs related to these goods, materials and services, the BUYER or the concerned third party remaining however liable for: (i) hidden defects of the goods, materials and services, which have been directly provided by them, as well as for (ii) a lack of quality of those goods, materials and services with respect to the specification prior submitted for this purpose by the CONTRACTOR, provided and to the extent that this lack of quality could not have been detected upon the CONTRACTOR’S reasonable inspection.

15.6.4. CONTRACTOR’S liability in relation to BUYER’s supplies: The CONTRACTOR’S liability under the concerned CONTRACT cannot be altered by the fact that goods, materials, services and/or tools provided by the BUYER or BUYER’S subcontractors have been lent, performed, provided and/or installed by the BUYER or such subcontractors. The CONTRACTOR shall supervise the appropriate implementation and/or incorporation of said materials, services or tools and check that applicable requirements have been duly and properly met. The CONTRACTOR shall notify without undue delay to the BUYER and as the case may be the concerned subcontractor(s), all defects or problems relating to such supplies. In any case, the BUYER shall not be liable for any mistake, omission or incorrect performance resulting from insufficient, wrong and/or inappropriate CONTRACTOR’S supervision, check and/or instructions.

16. TESTS

16.1. GENERALITIES: The TESTS shall be carried out by the CONTRACTOR in the presence of BUYER’S representatives, and if necessary with other involved (sub)contractors, in order to carry out the INDUSTRIAL COMMISSIONING of the WORKS AND/OR EQUIPMENT and for the CONTRACTOR to cure all defects and malfunctions detrimental to their operation. All TESTS shall be evidenced by written reports signed by both PARTIES as well as any involved (sub)contractors.

16.2. TESTING STAFF AND MATERIALS: All TESTS in relation to the WORKS AND/OR EQUIPMENT (whether load/hot TESTS or no-load/cold TESTS) shall be performed by the CONTRACTOR. After the R.F.I.O and at the CONTRACTOR’S reasonable request, the BUYER agrees to dedicate, free of charge and for an appropriate time period, a sufficient number of qualified and experienced operators and/or workers for the performance of the TESTS, such TESTS being performed under the CONTRACTOR’S direction and supervision. The BUYER shall also reasonably provide at its own costs and during an appropriate period of time materials, consumables, supplies and/or the services of the BUYER internal laboratories as needed for the execution of the TESTS and as prior agreed by the PARTIES, all other costs in connection with the TESTS being for the CONTRACTOR’S account.

16.3. OPERATION DURING TESTS: During the TESTS, the WORKS AND/OR EQUIPMENT (including coordination with all related systems) shall be operated under the CONTRACTOR’S direction and supervision, in accordance with the requirements of the concerned CONTRACT and the operation manuals and instructions of the CONTRACTOR. Consequently, the CONTRACTOR shall, at its own costs and under
16.4. REPETITION OF TESTS: Any TEST which results are not in conformity with the parameters, requirements and performances agreed upon in any CONTRACT shall be performed again under the CONTRACTOR’S direction and supervision until those parameters, requirements and performances are duly fulfilled. The BUYER shall reasonably accept further repetitions of the same TESTS, provided that such additional TESTS shall be performed by the CONTRACTOR at its own costs and that the direct costs incurred by the BUYER in connection therewith shall be reimbursed by the CONTRACTOR, under exclusion of BUYER’S production costs of sellable products. When after fair evaluation, the reasons of a TESTS’ repetition are on both PARTIES, each PARTY shall support its own costs in connection therewith.

16.5. CONTRACTOR’S LIABILITY DURING TESTS: All TESTS shall be performed under the CONTRACTOR’S direction, supervision and liability. Accordingly, all consequences arising from and/or occurred during the performance of such TESTS shall be borne exclusively by the CONTRACTOR until the ACCEPTANCE of the WORKS AND/OR EQUIPMENT, except for the consequences arising from BUYER’S omission or act in breach of the CONTRACTOR’S instructions.

17. R.F.I.O. (READY FOR INITIAL OPERATION)

17.1. When the CONTRACTOR considers that the WORKS AND/OR EQUIPMENT are ready for a safe initial operation, the CONTRACTOR shall notify this circumstance in writing to the BUYER.

17.2. The R.F.I.O. shall be evidenced by the CONTRACTOR under its sole liability. The WORKS AND/OR EQUIPMENT may be deemed ready for initial operation only if they collectively:

- are compliant to the LAWS and specific rules regarding safety;
- have necessary collective protection and safety equipment;
  include equipment insuring the accessibility for safe operation, maintenance, disassembling and/or dismounting;
- function in manual and/or automatic mode as appropriate at this stage;
- have appropriate warnings for defects, alarms and security reasons;
- have operation manuals and DOCUMENTATION as appropriate at this stage;
- have undergone all necessary controls prior to their commissioning;
- - all inspections and approvals on the part of public authorities have been successfully carried out,
- include identification on SITE and tagging of field instruments, motors, fluids and cables in compliance with the LAWS, as requested at this stage.

The absence of BUYER’S formal refuse or remarks at the R.F.I.O. stage shall not mean nor imply any BUYER’S acceptance of the concerned WORKS AND/OR EQUIPMENT or any part thereof.

18. INDUSTRIAL COMMISSIONING

The INDUSTRIAL COMMISSIONING shall be carried out under the CONTRACTOR’S direction and liability after the execution of the TESTS. The BUYER shall only pronounce the satisfactory INDUSTRIAL COMMISSIONING provided that:

- the WORKS AND/OR EQUIPMENT’S assembling and erection stages have been achieved in accordance with the CONTRACT;
- the BUYER has been notified of the R.F.I.O., all conditions of this readiness specified under art. 172 have been met and the CONTRACTOR has taken into account all reservations of the BUYER,
all TESTS to be carried out prior to the INDUSTRIAL COMMISSIONING have been achieved and all related certificates have been handed over to the BUYER;

- the WORKS AND/OR EQUIPMENT can be industrially run in an entire safe way;

- the training of BUYER’S operation and maintenance staff, as defined in the concerned CONTRACT, has been completed; and

- all inspections and approvals on the part of public authorities have been successfully carried out,

- the DOCUMENTATION, DEVELOPMENTS and SOFTWARE (including intellectual property rights) with respect to the use of the WORKS AND/OR EQUIPMENTS has been handed over to the BUYER.

The INDUSTRIAL COMMISSIONING, evidenced by a written report signed by both PARTIES, shall end when all contractual obligations related to the INDUSTRIAL COMMISSIONING and performances of WORKS and/or EQUIPMENT as defined in the CONTRACT have been regularly and constantly achieved for the period of time specified in the CONTRACT and if not specified, this shall be for a period of at least fifteen (15) DAYS. Then, a statement of INDUSTRIAL COMMISSIONING shall be established by the BUYER and handed over to the CONTRACTOR. This report shall not in any way be construed as an approval nor an acceptance by the BUYER of the WORKS AND/OR EQUIPMENT or any part thereof. If the INDUSTRIAL COMMISSIONING cannot be carried out or completed due to CONTRACTOR’S reasons, the CONTRACTOR shall, at its own expenses and risks, carry out all appropriate actions so that the WORKS AND/OR EQUIPMENT meet the conditions and requirements of the CONTRACT in compliance with the CONTRACTUAL TIME SCHEDULE. All adjustments, tunings, repairs, etc. shall be performed according to a program established under mutual agreement of both PARTIES.

19. TRAINING

When specified in the CONTRACT, the CONTRACTOR shall organise practical and theoretical training sessions for the staff as designated by the BUYER. The purpose of these training sessions shall be at least to train BUYER’S operation and maintenance staff to operate, inspect, maintain and repair safely and effectively the WORKS AND/OR EQUIPMENT. The CONTRACTOR shall carry out all appropriate measures to provide the BUYER and its staff with all necessary information with respect to all aspects of the WORKS AND/OR EQUIPMENT in relation to their operation and maintenance, including process, know-how, technology, safety, spare parts and material, so as theoretical and practical training sessions be adapted to the development of risks and new risks which may arise with respect to the WORKS AND/OR EQUIPMENT and the best training results be achieved. All training sessions shall be documented by the CONTRACTOR and all related handbooks and documentation shall be handed over to the BUYER no later than the day at which each training session shall take place. The CONTRACTOR shall notify in due time to the BUYER which of BUYER’S employees it considers unable to fulfil efficiently the training. Any non-performance of the WORKS AND/OR EQUIPMENT may not be blamed on a deficient training of BUYER’S operating personnel. The training modalities, conditions, objectives and duration as well as the number of people to be trained, the number of sessions, etc., shall be defined in detail by the PARTIES in the CONTRACT.

20. ACCEPTANCE OF THE WORKS AND/OR EQUIPMENT

20.1. GENERALITIES: The BUYER shall carry out the acceptance of the WORKS AND/OR EQUIPMENT either after the due completion of all TESTS, if the WORKS AND/OR EQUIPMENT do not justify any INDUSTRIAL COMMISSIONING phase, or after the completion of the INDUSTRIAL COMMISSIONING in all others cases. Each acceptance shall be evidenced by a written report signed by both PARTIES. If any faults or defects, which do not substantially interfere with the operation of WORKS AND/OR EQUIPMENT, are detected during the acceptance, the BUYER shall perform the acceptance, and all found reservations shall be included in the report. If during the acceptance:
(a) faults and defects that substantially interfere with the operation of WORKS AND/OR EQUIPMENT are detected, or
(b) numerous minor faults and defects, even those that do not substantially interfere with the operation of WORKS AND/OR EQUIPMENT are detected, or,
(c) copies of the DOCUMENTATION, DEVELOPMENTS and SOFTWARE, lists of drawings and files, operating manuals and procedures have not been fully delivered to the BUYER and intellectual property rights to the DOCUMENTATION, DEVELOPMENTS and SOFTWARE have not been fully transferred to the BUYER
then the BUYER may refuse the acceptance.

The CONTRACTOR shall then, within the shortest time period agreed upon with the BUYER, remedy at its own expenses all defects and reservations noted before asking the BUYER for any new acceptance. Any non-acceptance of the WORKS AND/OR EQUIPMENT for reasons attributable to the CONTRACTOR shall entitle the BUYER to freely use the WORKS AND/OR EQUIPMENT, provided that the BUYER complies with the CONTRACTOR’S operation manuals relating to the WORKS AND/OR EQUIPMENT during the said period of use. In any case, this shall not imply (i) any transfer of risks or liability to the BUYER or (ii) any commencement of any warranty period. In such case, the CONTRACTOR shall be entitled to reasonably carry out necessary repairs and/or replacements to cure its failure as well as to reasonably perform the related TESTS.

20.2. ACCEPTANCE OF THE WORKS AND/OR EQUIPMENT

20.2.1. The BUYER shall proceed to the ACCEPTANCE OF WORKS AND/OR EQUIPMENT only after the following conditions are met:

- the acceptance/performance TESTS and/or trial runs, as mentioned in the CONTRACT, have been achieved with a positive result;
- all LAWS’ requirements have been duly met;
- copies of the DOCUMENTATION, DEVELOPMENTS and SOFTWARE, lists of drawings and files, operating manuals and procedures have been prior delivered to the BUYER and intellectual property rights to the DOCUMENTATION, DEVELOPMENTS and SOFTWARE have been fully transferred to the BUYER
- the SPECIFIC SOFTWARE, including the related source codes and rights have been delivered and transferred to the BUYER;
- the due evidence that the licenses and other rights of use, operation, etc. of the STANDARD SOFTWARE as specified in Clause 31.5 hereunder have been priorly granted to the BUYER;
- the training as specified in the concerned CONTRACT has been duly completed by the CONTRACTOR;
- the SITE cleaning and clearance have been done correctly by the CONTRACTOR;
- all bank guarantees required by the CONTRACT have been transferred to the BUYER and
- any additional conditions specified for this purpose in the concerned CONTRACT have been prior met.

The BUYER shall proceed to the ACCEPTANCE of the WORKS AND/OR EQUIPMENT not earlier than after the due expiration of a period of reliable operation of the WORKS AND/OR EQUIPMENT after the INDUSTRIAL COMMISSIONING, as specified in the concerned CONTRACT. When there is no provision with this regard in the CONTRACT, the above-mentioned period shall last three (3) months, and the BUYER may shorten this period by a unilateral decision. The ACCEPTANCE of the WORKS AND/OR EQUIPMENT cannot be refused in case of minor defects that do not prevent the efficient, reliable and safe operation and/or use of the WORKS AND/OR EQUIPMENT, provided that the CONTRACTOR shall remedy the
defects as soon as possible within the period agreed by the Parties in the acceptance report, but no later than within three (3) months from the date of the acceptance; All disclosed defects must be specified in the acceptance report.

20.2.2. POSTPONEMENT OF ANY ACCEPTANCE EXCLUSIVELY ATTRIBUTABLE TO THE BUYER: If the ACCEPTANCE is postponed due to reasons exclusively attributable to the BUYER and under exclusion of any Force Majeure event:

(i) for more than three (3) months as from the date of the ACCEPTANCE OF WORKS AND/OR EQUIPMENT specified in the CONTRACTUAL TIME SCHEDULE, a portion of the price corresponding to the contractual event of ACCEPTANCE of the WORKS AND/OR EQUIPMENT shall be paid by the BUYER upon the simultaneous receipt of:

a) a bank guarantee for the amount corresponding to the said contractual event (as well as to any previous contractual event(s) which would be still pending at the above-mentioned date) and valid for at least the time period agreed upon by the PARTIES;

b) as well as if applicable and requested by the BUYER, the bank's certificate evidencing that the corresponding bank guarantee issued at the beginning of the completion of the concerned CONTRACT to warrant the due and full completion of the CONTRACT by the CONTRACTOR has been duly extended up to the latest date at which the BUYER foresees that the ACCEPTANCE OF WORKS AND/OR EQUIPMENT could take place. The costs related to the above items a) and b) shall be borne by the BUYER solely;

(ii) for more than six (6) months as from the date of scheduled ACCEPTANCE of the WORKS AND/OR EQUIPMENT specified in the CONTRACTUAL TIME SCHEDULE, the consequences attached to the ACCEPTANCE (i.e. transfer of risks, transfer of ownership and the related warranties) shall occur, it being expressly specified and agreed by the PARTIES that such situation shall not be construed as an acceptance by the BUYER of the WORKS AND/OR EQUIPMENT or any part thereof. The PARTIES shall confirm the above without undue delay in a written statement, which shall be communicated to their insurers.

20.2.3. If a CONTRACTOR’S serious breach of the CONTRACT prevents the ACCEPTANCE of the WORKS AND/OR EQUIPMENT for more than six (6) months as from the date of the INDUSTRIAL COMMISSIONING, the BUYER shall refuse to proceed to the acceptance of the WORKS AND/OR EQUIPMENT for reasons attributable to the CONTRACTOR.

21. TRANSFER OF OWNERSHIP AND RISKS

The transfer of ownership and/or risks shall not release the CONTRACTOR from all its remaining obligations, whether contractual or legal. In particular, performance of ACCEPTANCE of the WORKS AND/OR EQUIPMENT by the BUYER does not constitute the BUYER’S acknowledgement that faults and defects, which have not been included in the acceptance report, do not actually exist.

21.1. TRANSFER OF OWNERSHIP

21.1.1. The transfer of ownership of the WORKS AND/OR EQUIPMENT to the BUYER shall take place at the time of the ACCEPTANCE of the WORKS AND/OR EQUIPMENT, pursuant to clause 21.1.2.

21.1.2. Advanced transfer of ownership

The BUYER, by unilateral declaration in written form, without any previous inspection and in accordance with the general principles of the LAWS (especially real estate LAWS and contract LAWS) may perform the advanced transfer of ownership, for the amount of down-payments and/or instalments already made, of all or part(s) of the WORKS AND/OR EQUIPMENT, erected or not, in particular in case of, but not limited to, CONTRACTOR’S seizure, bankruptcy, concordat, winding-up or insolvency. In any case, the related risks and liability shall remain on the CONTRACTOR until the ACCEPTANCE.

21.2. TRANSFER OF RISKS
21.2.1. The transfer of risks related to the WORKS AND/OR EQUIPMENT to the BUYER shall occur at the time of the transfer of ownership to the WORKS AND/OR EQUIPMENT, pursuant to clause 21.2.2.

21.2.2. Notwithstanding the provisions of Clause 21.2.1 here above, in case the scope of a CONTRACT is strictly limited to the sale and delivery of the WORKS AND/OR EQUIPMENT without any erection on SITE, the transfer of risks related to the said WORKS AND/OR EQUIPMENT shall occur at the date of acceptance by the BUYER of the last part of the WORKS AND/OR EQUIPMENT delivered by the CONTRACTOR on SITE in compliance with Clause 14.1 of the GENERAL CONDITIONS.

22. SPARE PARTS

22.1. LIST OF SPARE PARTS: On the DAY defined in each CONTRACTUAL TIME SCHEDULE (or within two (2) months after the signature of any CONTRACT if nothing is expressly agreed thereon in the concerned CONTRACTUAL TIME SCHEDULE), the CONTRACTOR shall provide the BUYER with a detailed, exhaustive and updated list (including trademarks, technical specifications, producers’ code numbers and prices) of all spare parts (i) necessary for commissioning and (ii) recommended for two (2) years of the WORKS AND/OR EQUIPMENT’S operation and maintenance, the CONTRACTOR having to clearly identify which of these spare parts shall be considered as strategic, as having a long delivery time or as being subject to ordinary wear and tear.

22.2. TIME GUARANTEE CONCERNING THE SUPPLY OF SPARE PARTS: The CONTRACTOR warrants and shall cause its subcontractors or licensees to warrant the sale and supply of:

(i) patented items manufactured or assembled by the CONTRACTOR and/or its subcontractors or licensees and any other spare parts for the time period during which any related INTELLECTUAL PROPERTY RIGHTS exist and at least for a period of ten (10) years as from the date of ACCEPTANCE of the WORKS AND/OR EQUIPMENT; and

(ii) computer hardware for a period of five (5) years as from the date of ACCEPTANCE of the WORKS AND/OR EQUIPMENT.

22.3. ALTERNATIVE SOLUTION: If any spare part is no longer manufactured by the CONTRACTOR itself, by its subcontractors, agents, representatives, and/or licensees under reasonable conditions and fulfilment of quality standards or due to technological changes, the CONTRACTOR shall (i) inform the BUYER thereof as soon as possible, (ii) provide an alternative solution compatible with the WORKS AND/OR EQUIPMENT implemented on SITE and (iii) not invoke any INTELLECTUAL PROPERTY RIGHTS against the manufacture and supply of those spare parts by any third party for BUYER’S needs.

23. CASTING PATTERNS AND MOULDS: All casting patterns, moulds, calibration standards and/or special tools that are exclusively manufactured for any CONTRACT by the CONTRACTOR shall become with all their related INTELLECTUAL PROPERTY RIGHTS BUYER’S property, what should be included in the CONTRACTUAL PRICE. Such casting patterns, moulds, calibration standards and/or special tools shall be delivered to the BUYER before the ACCEPTANCE. The CONTRACTOR shall control in due time such models, tools and goods, and shall inform the BUYER forthwith about any mistake or default noted with this respect. Failing to do so, the CONTRACTOR shall be liable for any damage arising from such mistake or default. If casting patterns, moulds, calibration standards and/or special tools are put at the CONTRACTOR’S disposal by the BUYER in relation to the WORKS AND/OR EQUIPMENT, they shall remain BUYER’S property and may not be used for any other purpose than the implementation of the WORKS AND/OR EQUIPMENT, except with BUYER’S prior written agreement. In any case, those casting patterns, moulds, calibration standards and/or special tools shall all be returned to the BUYER in excellent state and complete by the ACCEPTANCE.

24. DEADLINES

24.1. DEADLINES: The deadlines to be complied with by the CONTRACTOR to implement the WORKS AND/OR EQUIPMENT under any CONTRACT will be fixed in the CONTRACTUAL TIME SCHEDULE
attached to said CONTRACT. It will be the CONTRACTOR’S sole responsibility to take all necessary or appropriate steps to comply with the CONTRACTUAL TIME SCHEDULE, without additional costs to the BUYER and provided that the faced delay is not due to circumstance(s) of FORCE MAJEURE. The CONTRACTOR shall be responsible for obtaining official approvals and permits in due time. The consequences of weather conditions reasonably expectable as per the calendar and the location of the SITE shall not be considered as sufficient grounds for deadline postponements or cost increases, unless it constitutes a force majeure event or basis for changing the CONTRACT, as defined under clause 25 or the CONTRACT. For the purpose of the above and provided that the scope of the WORKS AND/OR EQUIPMENT requests the performance of works on SITE, which may be reasonably affected thereby, at the CONTRACTOR’S request, the BUYER may include a number of bad weather DAYS, which is equal to the average number of bad weather DAYS as officially recorded during the last five (5) calendar years, in the CONTRACTUAL TIME SCHEDULE for its finalization. If the CONTRACTOR does not comply with the CONTRACTUAL TIME SCHEDULE due to the fact that the actual number of officially stated bad weather DAYS is strictly above the above-mentioned average and provided that the CONTRACTOR could not have reasonably been able to absorb them in whole or in part by an adapted organization, the CONTRACTOR may evoke them with respect to the deadlines. The CONTRACTOR shall inform the BUYER by any appropriate means and without undue delay of any circumstance which affects or may affect the due compliance with the CONTRACTUAL TIME SCHEDULE, and specify the reasons, consequences and expected duration of such circumstances. Any CONTRACTOR’S request to postpone one or more deadline(s) shall be justified by the CONTRACTOR and prior expressly agreed upon in writing with the BUYER. Such request shall be acknowledged by the BUYER only if failure to comply with the deadlines specified in the CONTRACTUAL TIME SCHEDULE occurred for reasons beyond the control of the CONTRACTOR and concerns the circumstances indicated in the CONTRACT.

25. FORCE MAJEURE

Neither PARTY shall be held responsible for any failure or delay in the performance of any CONTRACT caused by a force majeure event, i.e. an unforeseeable and irresistible event beyond the PARTIES’ reasonable control and which prevents the performance by the affected PARTY of its obligations under any CONTRACT. Examples of force majeure events are: irresistible and unforeseeable natural phenomena (such as floods, hurricane, lightening,...), wars, invasions, revolutions, riots, governmental acts, general strikes or similar events, epidemics, etc. A strike of BUYER’S employees or of the employees of any BUYER’S subcontractor shall not be considered as force majeure event unless it effectively prevents the CONTRACTOR from performing its contractual obligations under a CONTRACT. Should any such force majeure event occur and prevent either PARTY from performing in whole or in part its contractual obligations, or may reasonably affect the future performance of its contractual obligations, then such PARTY shall (i) duly inform the other PARTY of said force majeure event without undue delay, (ii) take all necessary steps and actions to mitigate the effects resulting from said force majeure event, including the intervention of any third party if reasonably possible and (iii) inform the other PARTY thereof. When it turns out that, despite the implementation of the above-mentioned steps and actions, the execution of the concerned CONTRACT has definitely become impossible or will have to be postponed for more than three (3) months as from the notification date of such force majeure event, then the said CONTRACT may be terminated by either PARTY in writing upon a fifteen(15)-DAY prior notice, it being specified that the PARTIES shall do their best endeavours to settle the practical consequences of such termination in equity according to the circumstances. In any case, each PARTY shall bear the costs and expenses it engaged from the starting point of the force majeure event up to the ending point of said force majeure event or up to the termination date of the CONTRACT.

26. WARRANTIES

26.1. GENERALITIES

26.2.3. Any other warranty period derogating from the above-mentioned warranty periods shall be expressly agreed upon by the PARTIES in a specific appendix attached to the concerned CONTRACT.

26.3. EXTENT OF WARRANTY

At any time before the end of the warranty period, the BUYER may notify in writing any defects noted on any part of the WORKS AND/OR EQUIPMENT. The CONTRACTOR shall be entitled accordingly to reasonably carry out necessary repairs and/or replacements to cure the said defects, the PARTIES having to prior agree on the time schedule of such intervention(s). The warranty period for all repaired, replaced or modified parts of the WORKS AND/OR EQUIPMENT as specified in:

(i) Clauses 26.2.1 and 26.2.3 shall entirely restart for their respective time period as specified here above, as from the date of their respective replacement, repair or modification on; and

The CONTRACTOR shall not be liable nor shall provide any warranty for defects and/or faults arising from:

a) a force majeure event, as defined in clause 25 of the GENERAL CONDITIONS;
b) BUYER’S negligence or non-compliance with the operation and/or maintenance instructions related to

compliance;

c) ordinary wear and tear parts and consumables as listed in a specific appendix attached to the concerned
CONTRACT;

d) any major change by the BUYER of models or designs of the WORKS AND/OR EQUIPMENT and/or

For each of the above-listed points, due evidence of the occurrence of such fact and of its effective impact
on the CONTRACTOR’S obligations shall be given by the CONTRACTOR within a reasonable time period.

27.1. GENERALITIES: The CONTRACTOR shall be liable for any and all damages, including direct,
indirect, consequential, special or incidental, physical and/or moral, property and/or intangible damages,

WORKS AND/OR EQUIPMENT shall not modify, reduce nor eliminate the CONTRACTOR’S liability, which
shall remain complete and total in accordance with the LAWS and the concerned CONTRACT. In case of
losses and/or damages suffered by and/or caused to the BUYER, the BUYER shall inform the
CONTRACTOR without undue delay of the occurrence of the said losses and/or damage and shall make its
